Hi David,

Will you be able to have comments by 4/12/18? I think you have everything now.

I let Roux know I was very disappointed as we just talked about making sure you received everything.

Have a good day,  
Mike

Hi Mike,

Is it possible to have another week to review the SAP since we just got it? Will extending the deadline until of next week (4/12) work?

Let me know.

Thanks.

Brian

My Apologies, I had directed Roux to be sure you and David were on the list to receive any and all documents. I have a question into Mike Ritorto about why.

Mike

Hi Gunnar,

I just spoke with David Berry and neither of us received this SAP to review.

Brian

**Subject:** CFAC Phase II SAP comments

Mike:

CDM Smith has completed our review of the Phase II Site Investigation work plan for the CFAC site. Attached are our comments.

David and Brian:

In past discussions with Mike, we agreed that it would be good to try to keep the EPA comments in one document. I suggest editing the attached comment set in markup mode, adding any additional comments you see fit.

Dick:

You are welcome to do the same, but if DEQ wants to keep their comments separate, I understand. If you do want to work within one set of comments format, we can change the title to read EPA and DEQ comments.

All:

We are running a bit late on these, so if we can have all additional comments back to me by noon Thursday, I can combine them all and get to Mike Friday for his transmittal to CFAC. Let me know if there are any questions.

Thanks,

**Gunnar Emilsson, P.G., P.E., BCEE**

P.S. I had a call from Mike Ritorto last week. They are aiming to get us the South Percolation Ponds Expedited Risk Assessment by mid April. Just a heads up.
